

# FIELD TRIPS at the MICHIGAN MARITIME MUSEUM

## Campus Tour & Workshop Grades 1 - 6 (Social Studies or Science)

Step on board a fishing tug or a Coast Guard motorboat!  
Workshop options include Early Michigan History, Great Lakes Invasive Species, and for 1st & 2nd graders, explore the science of Lighthouses & Waves.

## Michigan History Sail Grades 3-6

This hands-on program consists of a sail out on Lake Michigan aboard our 1810 tall ship replica, the Friends Good Will. Students will learn all about early Michigan history, the fur trade, shipboard life, traditional navigation techniques and the simple machines used on a tall ship.

## Immersive Sail Great for Middle & High Schoolers

Prepare to "learn the ropes" as members of the Friends Good Will crew! Prepare for plenty of interactive experiences as students learn what it takes to be a deckhand! This program focuses on team building, developing new skills, and experiencing the Great Lakes.

## Dockside Program Grades 3-6

Welcome aboard! Students will tour our 1810 replica tall ship, the Friends Good Will, while learning all about Michigan in the early 19th century, shipboard life, traditional navigation techniques and the workings of a sailing ship. A more affordable option than a sail!

Cut your field trip costs in half with the MAKE Grant!  
NEW easy online application to see if you qualify for 50% off  
program fees and bus transportation!
